

- DESCRIPTION.**

This basketball hoop is for recreational use and serves to practice a sport similar to basketball.

The lower part is made of a centered profile welded to a counterweighted base which gives the stability and the fixation to the ground.

The upper part is made of a rim, two stiffeners and a telescopic profile that is introduced in the centered profile allowing the user to adjust the height between 2 and 3 meters measured from the highest part of the rim to the ground.
