

- DESCRIPTION.**

Steel tilting rim for whatever type of basket hoop, no matter if it is for Basket or Minibasket.

It has 12 equidistant elements in the lower part to place the net.

It has a spring system to cushion impacts, it also has threaded holes in the fastening plate to the board that facilitates the assembly in the basket and increases its rigidity.

It is orange and has the regulatory dimensions **given in the UNE-EN 1270 Guideline.**
