

- **DESCRIPTION.**

Set of metallic volley posts designed according to the **NIDE 2002 volleyball regulation.**

Made with 80X2 round tubes, they have an exterior adjustable mechanism through ferrules that fasten the ratchet tensor and the net pulleys, that allows to position it at the required height according to the players category.

The base where the posts are welded is compound of a tubular profile joined to the back where the counterweights are welded ensuring the fixation of the posts. Moreover, these counterweights have wheels to facilitate their transport.

Ref.	Finish	Dimensions (m)	Weight (Kg.)
EPV012	100% Polyester (define color)	2 bags of 2,43x0,54x0,80	70
